Milestone 1 Write up

In comparison to the original milestone 1 report, I have made some changes based on the feedback from the original one.

1. Checkpoint #2

- a. I didn't include some of the non-functional requirements in the original. For the revised version, I included all the non-functional requirements that needed to be included with at least 2 requirements in each category

2. Checkpoint #3

- a. In the revised version, i included some more relationships. I included the aggregation relationships. I also included more key attributes into the ERD.

3. Checkpoint #4 & #5

- a. Last time, I forgot to include my EER. This time, i added the EER diagram in my report. I also updated the entity description to match with my current EER diagram.
